Quality may not be visible to the eye...
but it flies in every aircraft repaired in our hangars.
COOPESA knows how important quality is in our business, that's why we offer a world class quality, jobs on time, deliveries, advanced technology and a great location.
COOPESA is an FAA and JAA approved company for repairs, inspections, maintenance and modifications on narrowbody aircraft with 25 years of experience.
COOPESA's capabilities include: A, B, C & D checks, Life extension work for aging aircraft, Corrosion control, Major structural work, Interior refurbishment, Hush kit installation, Paint stripping, sanding & application, Cargo conversion, Avionics installations and Composite repairs.
All these and more on aircraft such as:
•Boeing 727 •Boeing 737 •DC-8 •DC-9 •MD-80
